

## WHAT IS CORE CURRICULUM?

The basic course of study required of all students seeking a bachelor's degree at Augusta State University is referred to as the "core." The core curriculum is detailed in the university catalog but a brief overview is presented here. In addition to 18 credit hours from Area F (major specific) and the other courses required to satisfy the major, students **MUST** take 42 credit hours from Areas A-E as outlined in the table on the right. (Note: "Science Track" majors include Biology, Chemistry, Computer Science, Mathematics and Physics.) **You should become familiar with Area F and other courses you need for your degree by studying your ASU catalog, consulting with your academic advisor, and reviewing your major's checksheet.**

## HOW MANY CLASSES SHOULD I TAKE?

In order to graduate in a timely manner, you should earn about 15 credit hours each semester (example: five 3 hour classes). Keep in mind your academic strengths and weaknesses as you select course combinations and load. For your first term or one in which you have a particularly challenging class or personal demands, you may want to take a lighter load. Usually, a pattern of regular start and end times for your academic work across the week creates the best schedule. Remember to leave time so that you can adequately prepare for and review after your classes. Most ASU classes are worth 3 credit hours, but some may be worth 1, 2, or 4 hours (check catalog and departments). (The higher the credit hour, the more the grade will weigh in your GPA.) To be considered a "full time" undergraduate at ASU, you would take at least 12 hours. You may register for up to 18 hours without special permission.

## WHAT ABOUT CPC DEFICIENCIES?

If you have any CPC deficiencies (missing high school College Preparatory Courses), you will want to promptly begin addressing these. Courses taken from the core to satisfy CPC deficiencies do NOT count toward core requirements.

See "Q&A: What are CPC's?" for more info.

## WHAT IS THE PHYSICAL EDUCATION REQUIREMENT?

All students pursuing a baccalaureate degree must complete three courses in Physical Education. The requirement consists of the 2-hour "Wellness" course (WELL 1000) and two 1-hour activity courses selected from the physical education curriculum (WELL \_\_\_\_ X 2). (ASU Nursing students satisfy the WELL 1000 requirement within their degree program.)

ASU Physical Education Requirement: 3 courses		
WELL 1000 Wellness/Fitness 2 credit hours	WELL ____ Activity Course 1 credit hour	WELL ____ Activity Course 1 credit hour

## WHAT IS THE ASU HONORS PROGRAM?

ASU offers special opportunities to qualified undergraduates to pursue a program of study that leads to recognition as an ASU Honors Program Graduate. In most cases, Honors Program courses (section letter=XX) are smaller in size, involve more interaction and exploration, and may be substituted for required credits. Consult Honors Program office, UH331, 706-729-2083. Secure permission before attempting to register.

A R E A  A	ENGL 1101 or ENGL 1113 (Honors)	Grade of C or better is require in each. After 18 hrs earned, you must register for ENGL 1101 until successfully completed.		3 hours
	ENGL 1102 or ENGL 1114 (Honors)	After 27 hrs earned, you must register for ENGL 1102 until successfully completed.		3 hours
	<b>NON-SCIENCE TRACK</b>		<b>SCIENCE TRACK</b>	3 hours
Choose one:		Required course:		
	MATH 1111	MATH 1101	MATH 1113
