

Learning Support Regulations

1. During each semester of enrollment, all Learning Support Students, including those attending part-time, must first register for all required Learning Support courses before being allowed to register for other courses. Two exceptions are possible:
 - a. When two or three Learning Support areas are required and a student is enrolled in at least one Learning Support course, a freshman orientation course or physical education or other activity or performance courses may be taken that semester instead of one of the required Learning Support courses.
 - b. In the event that a required Learning Support course is not offered, a student may enroll in a course for degree credit if the student has met the course prerequisites, subject to the written approval of the Chair of Learning Support.
2. Until individual Learning Support requirements have been satisfied, students will not be permitted to take credit courses which assume the content or the skills of a student's required Learning Support course as prerequisites:

3. A student who has accumulated twenty (20) semester hours of academic credit and has not completed all Learning Support requirements may enroll only in Learning Support courses until remaining requirements are met.
4. Students who do not complete the requirements for passing each required area of Learning Support after a maximum of three (3) attempts per area, or two (2) attempts at an area without satisfactorily completing the non-exit level course in the area, will be suspended from the institution. Students may not be considered for readmission within three years of the suspension.
An attempt is defined as a semester in which a student receives any grade or symbol except "W."
5. No degree credit is earned in Learning Support though institutional credit is awarded. Time spent in Learning Support course work is cumulative within the system, as is the number of attempts per area. Students with transfer credit or credit earned as a certificate students may be granted up to a total of three attempts at an area of Learning Support.
6. The following grade symbols are used in Augusta State University's Learning Support courses:
 - S = Satisfactory (passed course work, passed institutional requirement, passed COMPASS)
 - IP = Insufficient progress (passed course work, passed institutional requirement, failed COMPASS)
 - U = Unsatisfactory (failed course work/ineligible to attempt institutional requirement or failed institutional requirement/ineligible to attempt COMPASS); withdrawal failing (withdrawal after mid-term; counted as an attempt)
 - W = Withdrawal before midterm (not counted as an attempt)
 - V = Audit (volunteer enrollment only)
7. Students enrolled in both Learning Support and credit courses may not withdraw or be withdrawn from Learning Support course with a W unless they also withdraw or are withdrawn from all credit courses.
