UH 129 8:00am-4:00pm - NO ELROY

Adjust Session #3 Schedule: Jun 22-23

UH129 8:00am-4:00pm - NO ELROY

ADVISING REMINDERS

- **Eligible students may register/add/drop FA06 courses through **CAMPUS PIPELINE** after their date/time** (see schedule at left). (Student Athletes/Honors Program students have earlier on campus opportunities.)
- The new "Registration Info" tab on **CAMPUS PIPELINE** (password is initially birthdate: mm-dd-yy) offers a variety of resources and helpful links.
- **Depending on major/program/academic standing, a student may be required to see an advisor for an additional identifier specific to each term.** (Use same as for FA06 Early Reg in April.)
- **Students with UCOLL/CPC holds or RTP deficiencies must register on campus** (follow schedule shown except first group begins at 8:00am).
- **All areas involved in FA06 Early Registration follow these minimum support hours JUN 5-9: 8:00AM-4:30PM with night hours until 6:00PM on WED, JUN 7 and THU, JUN 8.**
- Verify info on-line before advising or referring to another area.
- Registration holds must be satisfied before registering. Student checks "REGISTRATION STATUS" (or see SOAHOLD on Banner).
- Financial holds must be cleared on Banner by the responsible department. Appropriate staffing is required during registration to support the clearing of such holds (8:00AM-4:30PM, with hours extended **WED, JUN 7 and THU, JUN 8 until 6:00PM**).
- Completing a registration worksheet helps a student collect & organize key registration information .
- If a student encounters an issue with one course, the student should register for his/her remaining schedule and then follow up as needed.
- If a student needs an instructor's permission to take a specific course, to by-pass a prerequisite, or to take a closed class, then the student must obtain that instructor's permission on-line (check department procedure) before registering on-line for that course (after student's date & time).
- To be considered full time, an undergraduate needs 12 credit hours. However, undergraduates traditionally need to earn 15-18 credit hours per term for timely graduation.
- Students on probation at the end of term are limited to a maximum of 13 credit hours for the next term. If they early registered for additional hours, they are required to reduce their schedule at the next drop opportunity or risk losing their entire schedule. Students should be encouraged to carefully consider their course loads and mix of classes.
- To overload, a student registers a basic schedule on-line, then takes an ASU PERMISSION SLIP with the advisor's signature to Student Records and registers for the "overload" course.
- Course letters XX denote an honors class. Refer Honors Program inquiries to Dr. Jim Garvey (AH, 706-729-2083).
- Non-degree seeking students (transients, post-bacs, post-grad, audit) should seek advising support in the department(s) offering the course(s) for which they wish to enroll.
- **Students should confirm their registration on-line** correcting as needed. Students check amount due on-line ("PAY BY FINANCIAL AID, CREDIT CARD, OR CHECK") and **clear any balance by FRI JUL 28. Encourage students to pay for classes when they register** to avoid missing the due date and having their schedule dropped for non-payment.
- **Students may pay by check or credit card (Visa, MasterCard, Discover) on-line.** To pay by cash, money order, or to obtain a printed receipt, see the Business Office, Fanning Hall.
- For FA06 new student orientation information, contact Annie LaForce at 706-729-2347 or visit her in Student Activities.
