Text: College Algebra, Augusta State Custom Edition by Michael Sullivan

Grading: There will be 4 in class tests. The assignments for the class will count as follows toward your final average:

Test average	3/5
In-class Component	1/15
Cumulative Final Exam	1/3

Homework will be assigned on each section, but will not be collected. The quizzes and tests will be based on the assigned homework.

MyMathLab information: <http://www.aug.edu/~dholt/InformationforMyMathLab.htm>

ATTENTION: There will be **no makeup tests**. If you miss a test you will receive a grade of zero on that test. If this happens, I will allow you to replace the zero with the grade you receive on the final exam. Keep in mind that in most cases, the final is the most difficult exam of the semester.

Letter grades will be assigned in the following manner: 90-100 is an A, 80-89 is a B, 70-79 is a C, 60-69 is a D, and anything under a 60 will receive an F in the class.

Attendance: Students missing more than 3 class meetings may be withdrawn from the class by the instructor. I reserve the right under University policy to issue a grade of “WF” after the midterm to students who miss more than five classes.

Withdrawals: To receive a “W” in the class, you must withdraw yourself before the midterm of the semester.
