

# Call for Proposals --- Call for Proposals

Augusta State University  
Central Savannah River Area P-16  
Professional Development School Network

## *Impacting Student Learning* Partner Conference

Saturday, March 14, 2009  
8:30 a.m. – 1:30 p.m. --- University Hall

**Premise:** Effective teachers have many successful practices they can share with others. This showcase will provide an opportunity for you to present one of your successful practices to your peers and to collect ideas for future use in your classroom.

**Format:** Presenters should submit a program proposal to Mr. Ronnie Harrison. Either type or print very clearly in dark ink on the proposal page. Write a paragraph that briefly describes the practice that you'll be sharing. (This description will be printed in the program). Concurrent sessions will be scheduled during four time periods. Educators may propose a 55-minute presentation.

**Presentation:** Your presentation should include:

- ❖ a demonstration of a classroom strategy, lesson or activity designed to actively engage students
- ❖ an explanation of how student learning will be impacted

You may bring samples of your work and/or your students' work. You may use an overhead, posters, PowerPoint, or Internet (check the appropriate items on the proposal sheet).

Notes: ASU apprentices and master teachers are encouraged to co-present. If you choose to provide handouts, please plan for approximately 25 participants.
