- an attitude that, while everyone is doing a different job, everyone is equal in the working and learning environment
- at all times demonstrate personal and academic integrity
- respect the dignity of all persons
- respect the rights and property of others
- discourage bigotry, while striving to learn from differences in people, their ideas and opinions
- demonstrate concern for others and their feelings
- create a work and learning environment so that all persons experience the opportunity to maximize their human potential
- put aside my own personal agendas to address the needs of others in my environment
- address differences in a manner which develops a solution to a problem which strengthens working relations
