

Student Technology Fee Proposal
Media Services
March 5, 2002
Request One

Casablanca Video Editing Systems

Justification: Media Services requests two additional video editing systems. These systems are used daily by students editing their video presentations. Currently Media Services has one Casablanca Editing System that is being utilized by students. It are utilized on a first come first serve basis and many times students are waiting to edit classroom projects.

This Editing System is recommended because of its low cost and minimal learning curve. The additional equipment will allow Media Services to better serve the needs of our students.

	Cost	Quantity	Total Price
AVIO-DV 20GB Editor	1495.00 each	2	2990.00
Panasonic Monitor	\$159.95 each	2	319.90

Total Amount Requested \$3,309.90

Request Two

Camcorder Battery Charger

Justification: The battery charger is necessary because of the increased demand from the students for camcorders. The chargers would allow up to four camcorder batteries to be on charge at all times. This would allow Media Services to provide a faster turnaround time on the batteries that are used.

Description	Cost	Quantity	Total Price
LBC 4 Charger /AC Adapter	495.00 each	2	990.00

Total Amount Requested \$990.00

Request Three

Panasonic DVD/CD Players

With the introduction of DVD technology to Media Service's video holdings, the demand for this technology has been increasing steadily. We do have 2 multi-media viewing rooms with the capability to show DVDs, the availability of these rooms is depended again on the classes that have reserved them in advance. In order to allow the students greater access to this technology we propose the purchase of four, Panasonic DVD-LV60 portable DVD Players. These handheld portable DVD Player units come equipped with a 5.8" LCD Screen and AC Adapter. Students can use these players any where in the Media Center to view DVDs during class time that can be used for lecture or discussion.

Description	Cost	Quantity	Total Price
Panasonic DVD-LV60 Portable DVD/CD Player	599.95	4	2,399.80

Total Amount Requested 2,399.80

Request Four

Video Duplicating System

Justification: In order to meet the increasing demand for multiple copies of videotape materials from the students, faculty, and staff it is necessary for Media Services to expand its capability for duplicating video tapes. Currently Media Services has the ability to duplicate only one tape at a time. The equipment being recommended is both easy and cost efficient and can produce up to six tapes at a time. Multiple copies of student's presentations can be made available for students in a timely manner.

Description	Cost	Quantity	Total Price
TecNec Video Duplication System	\$3,799.00	1	\$3,799.00

Total Amount Requested \$3,799.00
