

Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Experience-Career Center Job Databse for Students
Requestor's name and email: Julie Goley - jgoley@aug.edu
Department/Organization: Career Center
Date: October 20, 2004
Estimated Project Cost: \$6,000

Brief summary of the project:

Experience is our vendor that provides the office with the ability to post our job listings online for students, it taps them into a national job database for entry level and intern positions nationwide, allows them to apply to jobs online and gives the Career Center the ability to electronically route resume leads to employers and track the needs of our users. Without this system, we would have to post our listings on paper in job books and fax resume referrals to employers, significantly decreasing the fast access to our services for both customers. This is an annual license.

Estimated cost for years 2 and 3: based on enrollment, approx. \$7500/year or less

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

We have been fortunate in the last three years to get Technology Fee funding. Prior to that, we had to charge student users directly. The tech fee has allowed greater access for a component of our operation that is instrumental in linking students and employers together.

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 3,000 student users of our services

How does this project support academic/instructional activities?

Keeping students engaged in career development keeps them in school (retention) and helps them to become more employable as a result of their academic coursework here.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
