

## Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Qualitative Research on an Augusta AIDS Serv. Org.  
Requestor's name and email: Dr. Kim Davies, kdavies@aug.edu  
Department/Organization: Department of Sociology  
Date: January 8, 2005  
Estimated Project Cost: \$7,900 (quote on 30 user version)  
Brief summary of the project:

As part of the two course research sequence (Soci 3381 and Soci 3382), my class will be doing a service/research project. We are doing the project at the request of CSRA AIDS Resources & Education, Inc. (CARE) This is will be a qualitative research project and I am requesting Technology Funds for the University to purchase a site license for ATLAS ti, a qualitative data analysis program with a "variety of tools for accomplishing the tasks associated with any systematic approach to "soft" data (atlasti.com). We would want the software to be installed in a lab that I could use to teach students, the Sociology student lab, and my computer(s), and perhaps the whole university.

Estimated cost for years 2 and 3: \$0

Will this project become a recurring expense?  Yes  No

If the answer is yes, what are the plans for funding recurring expenses?

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize:  Yes  No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 20-25 per year, but potentially all ASU students

How does this project support academic/instructional activities?

It will add to our student's acquirement of data analysis skills in my class and potentially in other courses. Additionally, other depts (psychology, history and the school of education) could find it valuable

If the submitting organization is an academic or administrative department, is this project included in the unit plan?  N/A  Yes\*  No \*indirectly as keeping

SOFTWARE/Technology up-to-date.
