Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

We have been fortunate in the last three years to get Technology Fee funding. Prior to that, we did not have access to this research mechanism to assist users.

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 1500 student users (avg. access to it)

How does this project support academic/instructional activities?

Helps them to sharpen their research skills on employers they may seek to obtain employment with when pursuing a degree and sharpen their job search skills through the online publications.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
