

Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Dreamweaver for student labs - revised
Requestor's name and email: Cathy Barner - cbarner@aug.edu
Department/Organization: ITS
Date: March 10, 2004
Estimated Project Cost: \$17,000.00

Brief summary of the project:

Provide Dreamweaver software for student use in the general student labs and study areas. More and more students are needing to know how to develop and maintain web pages and Dreamweaver is an excellent tool for this purpose. College of Business will use this application for instruction and I would expect other units such as College of Education to be interested.

Estimated cost for years 2 and 3: I would anticipate a possible upgrade during year

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

Reapply for Student Technology Fee

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

1. Upgrade two teaching labs, two 24 hrs labs & lab in a box. This would reduce the cost to about \$9,300.00. (about 175 stations)
2. Upgrade two teaching labs and one 24 hr lab. Price drops to about \$6400.00 (about 120 stations)

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. Available to all students on campus

How does this project support academic/instructional activities?

Provide current software resources to support instruction.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
