

## Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Upgrade of Galloway Hall Classrooms  
Requestor's name and email: LTC Dave Freeman; dfreema4@aug.edu  
Department/Organization: Military Science  
Date: February 20, 2004  
Estimated Project Cost: \$14,285.99 thru \$55,945.95 -  
Brief summary of the project:

The current systems in all classrooms are outdated and incapable of running the necessary software and advanced instructional material required by the U.S. Army in the instruction of military science students. With the introduction of DVD technology to instructional based education, it is imperative that our media systems meet the challenge. Upgrades in each of the classrooms will allow approximately 70-80 military science students (and enrollment is growing) to prepare and display presentations and to access the internet/network from the classroom. To allow the maximum number of student's greater access to this technology, we propose the purchase and installation of equipment.

Estimated cost for years 2 and 3: \_\_\_\_\_
