

Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Technology Fee Request - Boykin Wright Classroom
Requestor's name and email: Julie Goley/jgoley@aug.edu; Bob Mays
Department/Organization: Career Center & Counseling Center
Date: March 23, 2005
Estimated Project Cost: \$19,402
Brief summary of the project:

Boykin Wright Hall (BWH) has a classroom for guest presentations in academic classes as well as seminars and other special events of the Career Center, Counseling Center and outside ASU departments not in BWH. We currently have a media cart and a mounted screen (five years old). We are seeing an increase in room usage and need a better way to operate and conduct classes in that room using the technology available. To date, over 75 classes/programs have been conducted in this room since January of this year for ASU students. The request is to update and mount the equipment in the ceiling/floor to better accommodate the facility for instructional purposes.

Estimated cost for years 2 and 3: _____

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

Only in technology updates/upgrades in 3-5 years. Largest expense will be in the initial set-up.

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

The AV needs as indicated on the request could be modified (no touch panel, etc.) for a less expensive system but the quote provided is from Media Services given their suggestion for the space in keeping with other tech resources in the classrooms they are currently doing.

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 75+ classes/semester

How does this project support academic/instructional activities?

Technology in this classroom is used for student instruction. This item is not reflected in unit plans because the move of the Counseling Center and its impact on the classroom usage was not known at that time

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
