

# Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Digital Sketch Book  
Requestor's name and email: ~~Rose Axton~~ Tom NAKASHIMA  
Department/Organization: Art, Fine Arts, ASU JANICE Williams Whiting  
Date: March 16, 2005  
Estimated Project Cost: \$2150.00

Brief summary of the project:

Our studio teaching consists of going from student to student and conversing with them as they work on individual projects. Much of what we do invites comparisons of the student's ideas to those of artists throughout history. It is very helpful to be able to call up images from the web or from various CDs and DVDs we presently use, in order to make immediate comparative analysis of student to artist. When working with students outside I have no ability to show art historical images at all. Will require 14" lbook g4, w/60GB I;tra ATA drive & Suberdrive + PhotoshopCS

*This technology will also be used to teach students photoshop on a "need to know" basis.*

Estimated cost for years 2 and 3: no additional cost

Will this project become a recurring expense?  Yes  No

If the answer is yes, what are the plans for funding recurring expenses?

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize:  Yes  No

During the 1st year perhaps we could work without photoshop and then add it later or get the Fine Art Department to fund the software.

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 60 - 70 students yearly

How does this project support academic/instructional activities?

Visual arts is being radically transformed by digital innovation. Never before have we been able to access scholarly visual material within the studio.

If the submitting organization is an academic or administrative department, is this project included in the unit plan?  N/A  Yes  No
