

Fine Arts Student Tchnology Proposal,3/22/2005, Submitted By Jennifer Onofrio

Currently, the studio art majors and minors do not have a working computer lab in their area. The lab that I am proposing would be for student use only. These proposed workstations would be used by all studio art students, we have approxiametely 100 studio art majors and minors, to assist with creating powerpoint presentations, web sites, digital manipulation of imagery, and overall research. The stations would be available for students to look up contemporary and historical artists on the internet. Students are taught how to photograph their artwork and could use the computers to clarify and manipulate their images in Photoshop, correcting colors, etc. Printouts could be produced and used as a visual tool to

Item	Description	Vendor	Unit Price	Quantity	Total Price
Computer	G5 IMAC's, 2 gigs ram, 250 gig HD, Bluetooth keyboard and mouse, 3 year protection plan, 20" LCD panel, DVD Super Drive	Apple	2,705.00	4	\$10,820.00
