

Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: JagCard - Value Transfer Terminal
Requestor's name and email: Mark Brown, MBrown30@aug.edu
Department/Organization: Projects Office
Date: March 25, 2005
Estimated Project Cost: \$9890
Brief summary of the project:

After the successful introduction of the new JagCard, this project's goal is to take its functionality further to improve students' experience on campus. This project would provide a self-service terminal (much like an ATM) that would allow students to deposit cash on their cards and check their balances 24 hours a day. With students needing access to services outside of the regular hours of campus offices this would allow access round-the-clock to deposit money on their card, or without the need to make a special visit to the Business Office or Bookstore. There is also the option that student visitors (such as on orientation programs, conferences, etc) can purchase cards to use on campus.

Estimated cost for years 2 and 3: N/A

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. All enrolled students

How does this project support academic/instructional activities?

Allows students to deposit money on their cards to purchase textbooks and supplies, and to purchase refreshments/make photocopies when studying outside of regular opening hours.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
