Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: New AV System for CFH 199 (Comp. Lab)
 Requestor's name and email: Paula Dohoney pdhoney@aug.edu
 Department/Organization: Kinesiology & Health Science
 Date: October 4, 2007
 Estimated Project Cost: 12,916.00

Brief summary of the project:

The CFH computer lab, utilized by all Wellness 1000 classes, is being upgraded. The AV system in the room needs to be upgraded as well. Currently there is no control system in the room which leaves professors with problematic remotes as their only option for turning the system on and switching from computer to video. The projector mounted in the room is so far out of date, Media Services had to "special order" a bulb this year to keep it functioning. Much like other rooms in CFH that have been technologically behind, room 199 is the source of many maintenance calls. Many of these calls would be solved by installing a control system as well as a new projector

Estimated cost for years 2 and 3: _____

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. All students, Wellness 1000 is a requirement

How does this project support academic/instructional activities?

Upgrading our technology will better allow us to complete our mission of providing educational opportunities that encourage healthy lifestyle decisions along with developing effective health educators.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
