

Augusta State University Student Technology Fee Proposal Form

Please complete the following information for projects to be submitted to the Student Technology Fee Committee.

Title of project: Update AH N338 Lab Equipment
Requestor's name and email: Sam L. Robinson (srobinson@aug.edu)
Department/Organization: Mathematics and Computer Science
Date: October 17, 2007
Estimated Project Cost: \$23,880

Brief summary of the project:

The current configuration of this lab consists of 10 workstations surplused from the AH N344 lab. We have installed Virtual PC on each workstation and are experimenting with virtual machine technology as a means to reduce overall equipment costs for teaching information security and system administration. The current equipment configuration needs to be upgraded to the following to gain a competitive academic position: 10 standard faculty/staff desktop computers with 4G MB of memory installed plus VMWare Version 6. We need to shift to VMware because VMware supports both Microsoft and Linux operating systems while Virtual PC is now limited to only supporting Microsoft products.

Estimated cost for years 2 and 3: none

Will this project become a recurring expense? Yes No

If the answer is yes, what are the plans for funding recurring expenses?

Could a portion of this project be funded and still be viable? If the answer is yes, please explain and prioritize: Yes No

Please estimate the approximate number of students that will benefit either directly or indirectly from this project. 150 CSCI Majors + ? CSCI minors + ? MIS majors

How does this project support academic/instructional activities?

As our curriculum continues to develop in the areas of information security, networking, system administration and web system design the need for and use of this protected lab is imperative.

If the submitting organization is an academic or administrative department, is this project included in the unit plan? N/A Yes No
