

Programs for Skutt kilns

USER 1 - for a bisque, when everything is dry

4 segments

segment	rate (degrees/hour)	temp (F)	hold time
1	80	180	12 hours
2	125	550	.10 (10 min.)
3	150	1100	.20 (20 min.)
4	200	1900	0

note: latch the lid all the way closed.

USER 2 - when the work needs a little extra help with drying

1 segment

segment	rate (degrees/hour)	temp (F)	hold time
1	80	150	4 hours

note: latch the lid slightly open so the extra water vapor can escape easily.
