

**Instructor:** Mrs. Deltrye Eagle Holt  
**email:** [dholt@aug.edu](mailto:dholt@aug.edu)  
**Office:** Allgood Hall N324

**Office Hours:** M: 11 a.m. - 1 p.m.; W: 11 a.m.- 12 noon  
Th 1p.m. - 2 p.m.  
**Other times available F2F or online**

**Prerequisites:** COMPASS MATH score of 42 or higher

**Objectives:** To improve the student's algebraic, computational, and manipulative skills; to improve the student's problem solving ability; to present applications of mathematics in various disciplines

**Text:** *College Algebra 7<sup>th</sup> edition* (ASU third custom version) by Sullivan

**Technology:** Pipeline, GeorgiaView Vista, and MyMathLab

### **Getting Started in MyMathLab**

1. Purchase the textbook from the ASU bookstore. It contains the code for MyMathLab. ***If you purchase a used textbook, the code will not be included and must be purchased separately. It is more cost effective to purchase the code with the text. If you purchased and used a MyMathLab code during a previous semester at ASU, you may qualify for a replacement code.***
2. Go to the ASU home page ([www.aug.edu](http://www.aug.edu))
3. Click on the letter **G**
4. Click on **GeorgiaVIEW Vista**. It is at the top of the column on the left. If you experience problems GeorgiaVIEW Vista, contact the **ITS student help desk** (University Hall Rm 130 or (706) 737-1676).
5. Your username is the same as your pipeline username. If you have used this system before, your password remains the same. If you have not used this system before, your password is your six-digit birthday. Once inside GeorgiaVIEW Vista, use the link at the top of the page to change your password and set a "secret question/answer" to help later if you should forget your password.
6. Enter your access code for MyMathLab. Follow the directions on the screen.

**Calculator:** A scientific calculator that performs calculations using **direct algebraic logic** is required for this course. The TI-83 or TI-84 is required for precalculus, elementary statistics, and statistical analysis for business; they are permitted. The TI-92 and TI-89 are not allowed. Cell phone calculators, PDA's, and similar devices are not allowed. ***Sharing a calculator during a test will be viewed as cheating.***

### **Rules and Procedures**

Any **DISRUPTIVE STUDENT** will be withdrawn from this course.  
Only persons enrolled in this course may attend class.

Cellular phones and pagers should be turned off or put on vibrating mode before entering class.

Blue Tooth technology **is not** allowed during tests.

Recording devices **are not** allowed in class.

Always check campus pipeline (e-mail, message board, and announcements) the morning before (not of) your next scheduled class. Check pipeline for your assignment whenever your professor is absent. Most of the graded homework will be submitted electronically using pipeline, MyMathLab, or GeorgiaVIEW Vista. If you experience problems with pipeline or Vista, contact the **ITS student help desk** (University Hall Rm 130 or (706) 737-1676).

The Fort Discovery (November 5,6,7, or 8) assignment will count 20% of your homework grade.

You will **not** be allowed to take a make-up test. Your lowest test grade will be dropped. If you receive services according to the ADA, see your instructor for testing guidelines.

**Course Average** = 0.20(Homework Average) +0.50(Test Average) + 0.30(Departmental Final Exam)

For information about the final exam go to

<http://www.aug.edu/~srobinson/MATH1111/Math1111ExamMemo.pdf>

At least three hours of preparation per hour spent in class is required.

It is your responsibility to obtain all information and material discussed in class during your absence. If you obtain more than five absences, you may be withdrawn from this course.

***To avoid unnecessary stress, plan to arrive on campus early on test days. To avoid unnecessary stress, you should be prepared for each test at least two days before the test.***

Read the policy concerning academic honesty in the college catalog.

If it is necessary for you to withdraw from this course, it is your responsibility to complete the withdrawal process. If at any point after midterm (October 12) you have missed two tests or stop attending class, you will receive a WF.
