

FORM FOR DOCUMENTATION OF A PLANNED EXPERIMENT

1. Objective:

2. Background information:

3. Experimental variables:

A. Response variables:

1.

2.

3.

Measurement technique:

B. Factors under study:

1.

2.

3.

4.

5.

6.

Levels:

C. Background variables:

1.

2.

3.

Method of control:

4. Replication:

5. Method of randomization:

6. Design matrix: (attach copy)

7. Data collection forms: (attach copies)

8. Planned methods of statistical analysis:

9. Estimated cost, schedule, and other resource considerations:
